Dr. Townsend's SARSAPARILLA, THE WORLD

CONSUMPTION CURED

Dr Townsend—Dear Sir Nearly twenty years ago I took a violent cold which settled on my lungs and affected me severely indeed, finally it became a constant hacking cough, but not so severe as to prevent me from attending to my business. Within a few years it increased on me gradually At last it became reduced—I breathed with difficulty, and raised with my cough much bad matter and for the last two months previous to using your Sarsaparilla, had to sit night sweats, indeed, my friends and myself began to feel that I would die with the Consumption but I have the happiness to inform you that to my surprise after using three bottles of your Sarsaparilla, I find myself restored It relieved me gradually, and I am now enjoying much better health than I have before in years I had almost entirely lost my appetite which also returned You are at liberty to publish this in the papers, if you choose

GIRLS READ THIS

You who have pale complexions, dull eyes, blotches on the face, rough skin, and are out of sparkle, let one bottle or two of Dr Townsend's Sarsaparilla will cleanse your blood remove the freckles and blotches, and give you animation, sparkling eyes, fine parts, and beautiful complexion—all of which are of immense value to unmarried ladies

GREAT FEMALE MEDICINE

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for incipient Consumption Barrenness, Leucorrhœa or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent causes or causes produced by irregularity, disease or accident.

Nothing can be more surprising than its immediate effects on the human frame Persons subject to weakness are invigorated, from taking it, at once because rest and full of energy under its influence It immediately counteracts the nervousness of the female frame, which is the grea cause of barrenness

It will not be expected of us, in case of so delicate a nature, to exhibit certificates of cures performed but we can assure the afflicted that hundreds of cures have been reported to us Several cases where families have been without children after using a few bottles of this invaluable medicine are born blessed with healthy offspring

Dr Townsend My wife be ag greatly distressed by weakness and general debility and suffering continually by pain and sensation of sinking down, falling of the womb and with other difficulties and having known cases where your medicine has effected great cures and also hearing it recommended for such cases as I have described I obtained a bottle of your Extract of Sarsaparilla and before it is gone I see no signs of the complaint returning

Albany, Aug 17 1847 Dr Townsend Dear Sir

TO MOTHERS AND MARRIED LADIES

This extract of Sarsaparilla has been expressly prepared in reference to female complaints No female who has reason to suppose she is approaching that critical period of the turn of life should neglect to take it, as it is a certain preventive for most of the numerous and horrible diseases to which females are subject at this time of life The aperient may be delayed for several years by using this medicine No article is more valuable to those who are approaching womanhood as it is calculated to see at easier by quickening the blood and invigorating the system Indeed the medicine is invaluable for all of the delicate diseases to which women are subject It braces the whole system, renews permanently the natural energies of the system, removing the impurities of the body but so far as doing the aperient as to produce a subsequent relaxation—which is the cause of most mischief we taken for female weakness and disease

SCROFULA CURED

This Certificate concludes only proves that the Sarsaparilla has perfect control of the most obstinate diseases of the blood. These persons cured in Albany are unprecedented

THREE CHILDREN

Dr Townsend Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with it and never have taken some four bottles, it took them away, for which I feel myself under deep obligation Yours respectfully,

ISAAC W CRAIN, 106 Wooster st.

☞ *The Washington Union is out against GEN. TAYLOR because he is pledged to yield his assent to the doctrines of the Wilmot Proviso, and is pledged not to resort to the Presidential Veto against it, if the people shall constitute a Congress that shall enact those doctrines into a law.*

☞ *"I do not desire the presidency, and only consent to be a candidate in the same proportion in which it is desired by the people irrespective of party; and he that cannot be trusted without pledges, cannot be trusted with them. I have no private purposes to accomplish—no party projects to build up—no enemies to punish—nothing to serve but my country."*

[ZACHARY TAYLOR.

☞ *"If the enemy oppose my march, in whatever numbers, I shall fight him."—GEN. TAYLOR at the battle of Palo Alto.*

"Keep it Before the People."

At the Union convention of Barburners held in February last, the following resolution was reported by a committee of which JOHN VAN BUREN WAS A MEMBER and unanimously adopted

Resolved, That Gen. ZACHARY TAYLOR, *by his masterly correspondence* with the War Department no less than by his heroic conduct and indomitable coolness and courage on the field of battle has shown himself to be not only a distinguished military chieftain, but a *man of great mental and moral power*, and whose life has given evidence of a *strong head, an honest heart, and a Republican simplicity of character.*

Wisconsin wheat.

The Milwaukie Daily Wisconsin states that the Wheat crop in that State is the best ever known—the quantity of wheat being possibly a little less than last year but the quality quite equal to a little better, and that a larger quantity will be sent to market.

This reminds us that through the agency and business enterprize of Capt Elijah Wood our citizens have been gratified, the present season with a large importation of really excellent flour manufactured at Milwaukie from wheat grown in Wisconsin. We have tested the flour in our family and found it fine and nice, and perfectly satisfactory to those who have assumed the responsibility of furnishing good bread for our tables.

Captain Wood has also brought to our city a large quantity of the first quality of pork of the growth of this new and vigorous State, from hogs of his own selection. This opening trade with Wisconsin will probably be continued and if the same care is exercised in the selection of the articles, our citizens may well consider themselves the gainers thereby.

☞ Let every Whig seriously ponder upon the fact that either Gen Zachary Taylor or Gen Lewis Cass is to be the next President of the United States, and also upon the fact that in no way can Gen Cass be defeated but by the Whig party. That many Dem crats should earnestly desire the defeat of Gen Cass is indeed quite reasonable, but perhaps it ought not to be deemed strange that some of them should feel some hesitation in joining with the Whigs, although many democrats will vote for Gen Taylor on account of his true hearted honesty and uncompromising independence. But that any Whig should forsake his political associates now and pursue a course tending, though indirectly, but yet effectually to secure the election of Gen Cass is among the strangest of all modern movements.

☞ The regular organization of the Loco party in New Bedford have, in public meeting called by its committee, repudiated Cass & Butler and declared for Van Buren.

It is very foolish for young Locos to hate each other, on account of a gentleman who cares a fig for either of them.

☞ The following letter was written to a gentleman in this city by an intelligent merchant of another New England State—himself not a politician but a clear sighted observer of the world's movements.

The letter was not written with a view to publication but has been handed to us and we can no better gratify our readers than by its publication.—

DETROIT, Mich July 8th

FRIEND ——, It is now about three weeks since we left home and have had on the whole a delightful journey. We were much gratified with our stay at Saratoga Springs and at Niagara. At Saratoga we found Millard Fillmore and are happy to say were not disappointed in the opinion that we had previously formed of this gentleman. He is a sound and straightforward, old fashioned democratic Whig in manners—dress and sentiments and is deservedly and universally popular wherever known. We have been in the city about one week and will not make any comments. We have heard many remarks about the Hon Lewis Cass who has resided here for many years. I am told that Detroit will certainly give her vote against him (in his own city) and that the State may be put down as doubtful—not sure by any means for the Democratic Locofoco ticket—and all this is doubtless owing chiefly on account of his personal unpopularity.

He is called a dough face—a coward (referring to his course in the last war) and a man who will sacrifice principle for office. These are his neighbors that talk thus—and the men too who have heretofore voted the Democratic ticket—and say that they would have voted even for Polk if he had been nominated—but Cass they cannot go any way. He is said to be very arbitrary and is possessed of immense wealth. He is said from five to nine hundred thousand dollars. Very close—really tight in money matters. Some people say that he is mean in this respect. When he returned home the Democrats were called out by speech and handbills to meet him at the wharf and give him one grand reception. Anyone witness informs me that it was the poorest apology for a turnout both in spirit and numbers that he ever saw and that it would have been a disgrace to the city as to numbers on any other occasion,—that it scarcely numbered 100 persons (there are twenty thousand inhabitants in Detroit). I am credibly informed by a democrat that more than two hundred of his party have resolved since Cass was nominated, to go the Taylor ticket. This is the talk all along the road—the sound comes up strong and with the effort for Taylor and Hale—and this talk will succeed beyond the most sanguine expectations of their friends and strong supporters. There is no doubt of the success of Taylor and there will not be the people should be hung in mourning. Who has any regret—who expresses any at the sure prospect of the defeat of the Class but the contractors, office holders & c. It is not the people this time—his is evident now and the people have a voice in the day of election. Those disappointed and treasury appointees Wilson and Allen of Massachusetts, with their efforts will amount to "Sir Hubert the tempest" are severely censured for their defection.

I have given you these hastily hoping you would feel interested to know all about Cass at home. I ought to have observed that Mrs C and daughters are highly spoken of and it seems such a spirit against their feelings that his name is offered as a candidate for the President.

Your friend, &c.

General Cass.

What claims has Gen Cass to the support of the American people? Examine his history, his acts, his principles and his avowed policy, and see, where, when and how has he ever impressed himself on his age, by any great measure or any leading and beneficent policy. After his biography is carefully scanned he will appear to every observant eye as preeminently the AMERICAN COURTIER. Wherever he has been he has shown himself all the pliant, supple, unscrupulous and fawning flatterer of power—When he went to the Holy land and brought back a bottle of holy water to baptise the young King of Prince, he but exemplified his true character, of a simple act. When asked one of his own sharp-sighted French friends, the patriot Louis Philippe on the back and dazzled him with his untempered adulation—he proved that in his heart he loved the trappings and power of royalty—that he had no real republican blood in his veins, but was the mere courtier and flatterer of power and ready to bend his neck to the yoke.

The same servile and selfish and cringing spirit, on this side of the Atlantic, breaks out in his pretended professions of devotion to the people and to democracy—whilst in his heart he is a real aristocrat and monarchist. The same spirit is shown in his servile devotion to the extreme doctrines of the slave power—and his readiness to alter and modify and renounce his former professions and to announce that he shall yield to any attempt to restrict slavery from territory now free. A citizen of a free State, he shows himself, the most abject feeder of slave power.

His whole life has been one of extreme selfishness. EXTRA ALL wages have been the object of his whole life—and beyond all other men he has received them. He has made himself immensely rich by public office and the pickings therefrom, and he is now one of the overgrown capitalists of the country. Yet whoever heard of any act of liberality of his—of any public institution endowed, any public charity enriched, or any private distress relieved? Whoever heard of the old soldier entertained at his cost, and sent away relieved and comforted? Go ask his neighbors at Detroit, and hear them as one may describe his popularity at home.

In his public character he is—(and we speak deliberately and calmly and advisedly) the most dangerous man in the whole catalogue of candidates, to intrust with power. He has shown himself a man of war—when he is safe from fighting himself—ready to embroil the country in difficulties, rashly and unnecessarily,—and reckless of the consequences. Devoted first to himself and his own emoluments and money—and then to advancing party schemes and party men, regardless of the great interests of our common country. A courtier when in a monarchy, a demagogue in a republic, and supremely selfish everywhere—he presents no characteristics which can command respect or confidence.—Let no such man be trusted.

GODEY'S LADY'S BOOK, August 1848.

This number of the Lady's Book opens with unusual splendor and with increased value. It contains four steel plates. One of them contains five portraits of distinguished religious females, and female missionaries which will be highly prized by all. The other plates are of usual interest. Aside from the embellishments there is an unusual quantity of reading matter a portion of which is of more than usual quality.

The directions and illustrations for female horsemanship and for exercise are excellent and if observed by our lady friends will prove to their health and enhance their beauty.

An order of the War Department, dated 12th inst states that the Second Regiment of infantry and the Regiment of Mounted Riflemen, are under orders for California and Oregon, and officers belonging to them who are now absent on leave or otherwise are directed to repair immediately to Jefferson Barracks and report for duty.

Ohio Coming Right.

The Massillon Telegraph, the Ashtabula Reporter, the Canton Repository, the Columbian Palladium, and the Greenwich Patriot have raised the names of TAYLOR and FILLMORE to the head of their columns.

☞ It is a significant fact, says the Boston Courier, that in the great city of New York, there is only one small paper to be found advocating the election of Cass and Butler.

☞ Potatoes appear very well now and some early varieties have appeared in the market of good size and quality.

☞ We cheerfully tender our thanks to Hon Hannibal Hamlin, for valuable public documents sent to us by him.

☞ The Somerset Convention, held on the 6th passed a series of patriotic comprehensive and powerful resolutions. G A Stewart, of North Anson was the mover of the Committee. The following is one of them —

Resolved, That the Whigs of Somerset cordially approve the nomination of Gen Zachary Taylor as the Whig candidate for the next Presidency by the Whig National Convention. Firmness in opposition to incorrupt public integrity, the manly independence the signal prudence, discretion generosity and wisdom, the patriotic zeal and devotion to this country, which have illustrated his long, honest public service and shone out conspicuously in his official course, prudence in the stainless purity of his private life and the republican simplicity of his character not less than in the skill and bravery exhibited in the battles of Palo Alto, Resaca de la Palma and Monterey, and Buena Vista, the triumphal wreaths which have endeared him to the hearts of the American people, are an earnest, that when elected President, he will restore the government to its primitive purity and make the administration at Washington be made to shine.

☞ The Hartford Courant of the 6th instant [illegible] was, which [illegible]

"We had written thus far, when a gentleman entered our office who has recently made a long tour in various directions with General Taylor. He informs us that the prospects of this hitherto quiet and peaceable state are very much like those of Pennsylvania, which is now lost. Our informant is a Northern man and was formerly a resident of this city.

With a cabinet composed of such men as express his views, we have a guarantee that his virtues, respected with their opposites, will be entirely banished from the South, refuse him their support, and engage in an opposition which, if it does not shake anything, will end in the election of General Cass, who is pledged to veto the Wilmot Proviso, and whose past life has shown that he would in all probability carry out us in a war with England or some other country.

A Text for Young Men.

A better subject for young men to discourse about and to meditate upon was never written than the following by Sam R. No man ever made good all a man who understood his own talents, not a good one who mistook them.

Young men do not fail in the pursuits of life because they lack ability to succeed, but for want of a proper application of talents. A right use of moderate capacity will accomplish much more than a wrong application of the most brilliant qualifications. Study therefore yourselves. Aim to find out the actual talents you possess, and then endeavor to make the best possible use of them, and you can hardly come short of making a good figure in the world, and what is more, being one among those who lived not in vain.

Give us his Principles.

The Indiana American recommends the following receipt for Locofoco caucuses

"If any one is for Taylor, and a Locofoco bawls "What are his principles?" As this appears to be their great fort, we want every Taylor man, old or young, learned, or unlearned to carry Taylor's letter to Allison in his pocket, and when asked to answer a foolish question, the best way is to compel the interrogator to accompany us to a stump or a log, wherever you are, then read the letter to him carefully, and slowly, and then dare him to refute or dispute one position there laid down. This will give them a "fit" more grape, with a vengeance."

American Opinions of the Late Outbreak

An eminent merchant of this city, writing from Paris, says in substance "Consider the result of the late contest in Paris as a triumph of moderate Republicanism." The writer announces his friends from believing that any large portion of the working people of Paris were on the side of the insurgents. It is shown that the examination now going on will show that it was a combination of monarchists, outside of France, with the lower orders of the population of Paris, and that from this source came the money, and the military skill so conspicuously exhibited in this insurrection.

[Boston Traveller.

A Difference.

General Taylor is celebrated for his *charges* upon the enemy. General Cass for his *charges* upon Uncle Sam's money bags. Before the one the enemy fled like sheep; Before the other the public money has vanished like grain before the locusts. However expensive and crowded Cass's purse may be, it is not so large as old Zach's heart.—[Belfast Signal.

Among some of the Locofocos a sense of honor and justice exists highly creditable. When Mr Hannegan became convinced of the fraud which had been enacted in preparing and circulating two different lives of Gen Cass—one to conciliate the South, and the other to please the fancy of the North—he denounced the perpetrators in his reply to Mr. Mangum "as a black hearted villainy."

"I you dont give me a penny," said a young hopeful to his mamma, "I know a boy that's got the measles, and I'll go and catch them so I will."

[The Kennebec Journal says "We understand that a very destructive hailstorm passed over the north part of Leeds, and Beech Hill in Wayne on Saturday last. One informant states that the quantity of hail was so great that the fields were still whitened with it on the succeeding day. We have learned no particulars as to the amount of damage done.

☞ We understand that John Muney Esq. has resigned his office as Clerk of the U S Circuit Court which he has held for more than thirty years, and that Geo F Emery, Esq of this city has been appointed in his stead. Mr Emery is well qualified for the office, and we doubt not this appointment will be generally acceptable.—[Port Empire.

The Washington correspondent of the Tribune says that the Senate on Monday "remained on session till 3 o'clock P M when we earned the confirmation of Quitman and Pillow as Major Generals and Pushing and Pierce as Brigadier Generals."

Specie.

The demand for specie for Europe is not entirely over. The money table shows that $325,000 was shipped last week. The total of shipments since the first of November last is $11,400,000.

☞ T J D Fuller, Esq. has been nominated by the Locofoco Convention in Machias, as their candidate for Congress from the 7th District, and Hon Cullen Sawtelle, at Bucksport, for the 6th.

☞ The Massachusetts regiment arrived at Cambridge on Wednesday evening, in general good health and were received with much joy by their friends, and by a committee of reception.

CONGRESS.

WASHINGTON, July 19

In the Senate—

Mr Dickinson presented a memorial from Alexander S Johnson against stopping the mails on Sundays. Referred to the Committee on the Post Office.

A joint resolution, presenting to the State of Massachusetts cannon, captured by General Dearborn, was passed.

Mr Clayton explained that the remarks upon presenting the Slavery Committee report, were his own and not the Committee's. The committee decided that the bill should stand for action. He would move to take up the bill on Thursday.

The Naval Appropriation Bill was taken up, and all amendments striking out appropriations for Marine Hospitals were rejected.

Mr Mangum argued against the section authorizing the Secretary of the Navy to make contracts for the construction of steam vessels.

Mr Hale replied, defending the propriety of making the appropriation. The bill was postponed.

The Senate went into Executive session and then adjourned.

In the House, the bill extending pensions to surviving officers of the Revolutionary army, which has been under consideration for two days, was passed. Messrs Jones and Pillsbury, of Maine, and Mr Mann, of Massachusetts, spoke against the bill, and Mr Brown, of Tennessee, and Mr Lawrence, of Pennsylvania, in favor of it.

Adjournment was taken during the last minute for the House to hold an hour on the bill. Adjourned.

A lady who is very popular in society, expressed herself to a friend that she spoke "from the heart and not from the head." Such a combination of strength and sweetness, of thinking and feeling, of truth and tact, of courage and modesty, would be dangerous, if it were not so rare.

Exit has had one literary judge to speak out the language of the times, needs another of a different kind—a judge who can see through the face, but are not blinded or paralyzed by its influence to regenerate and bless the world.

Gen Cass is philanthropic in his speeches we are told, but he is a Dem.

And his prospects are blue—I may be four.

☞ The following was written by an old hand and should read merrily while young. Let the girls and boys try it. The Lady's Book will show them how it goes when sung with spirit and taste.

Rough and Ready.

Air—"*Shall he hang that Charlie*"

The power colons in on every hand
From mountain top to ocean
To set the heart and rouse the land,
And keep the ball in motion
With banners flowing and hearts glowing
And ranks all true and steady
A mighty voice proclaims our choice,
Hurrah for Rough and Ready

With banners flowing and hearts glowing
The country is all Northern we see a flagging
Hear the thunder and shout the song
Hurrah for Rough and Ready, &c

The Western men are all alive
See how the prairies blaze!
And hark and fill ring back the cheer
From the Green and Green of Texas
With banners flowing &c

The boys of Maine will try again
With hearts and hand clean
Mid Florida's Star that rose in vain,
She blazes brightly too sir
With banners flowing &c

The Ladies all are on our side
And urge us to our duty,
And where is the crime that ever failed,
When backed by truth and beauty?
With banners flowing, &c

Then here's to him the brave old man,
The soul of truth and honor
He leads us to our country's cause,
God's blessing be upon her!
With banners flowing &c

Then freemen up, to all you love
Be firm and true and real
And every man resolve to stand
Like men by Rough and Ready.

FREE SOIL CONVENTION.

It is evident that by supporting the nomination of Gen Cass or of Gen Taylor the interest of free labor and the rights of free men would be sacrificed. The undersigned, Whigs and Democrats of Maine, call upon all their fellow citizens throughout the State who are opposed to the nomination of Cass and Taylor and in favor of free soil on a free soil platform to meet in convention at PORTLAND on the evening of Wednesday 26th of July, and on the day following to take such steps as the occasion shall seem to demand to prevent the extension of Slavery, and to cooperate with the other free states in the convention to be held at Buffalo on the 9th of August, 1848.

WILD CHERRY BALSAM.

We speak in praise of Wistar's Balsam of Wild Cherry because we believe from our own knowledge of the article that it is one of the best in the market for the complaints for which it is recommended.

It is medicine coming from such a respectable source, and carefully prepared by an experienced and skillful physician is received by the public with confidence. Its efficacy has been proved in many obstinate cases of disease and we have heard its praises sounded in every part of the country particularly in the Middle and Southern States and strong testimony from intelligent and respectable persons has been adduced in favor of its merit as a remedy for colds and coughs affections of the chest diseased liver, and dyspepsia.

I have examined Mr J W Thells's newly invented Patent Spiral Truss and concur with Doctors Valentine Mott Stevens and Parker in the purport of its principle and structure. Having an inguinal rupture myself and used various kinds of Trusses for the last ten years I concluded to try one of these and finding the advantage in a mechanical pressure and the settling of the pad so much easier than any other I have no hesitation in recommending it to the profession and the public.

Mr J W Thells Sir,—I comply with pleasure with your request to give my opinion of your Abdominal Supporter for Prolapsus Uteri. MRS. E. KIDDER'S DYSENTERY CORDIAL,

—AND—

Immediate & Perfect Cure

—FOR—

CHOLERA MORBUS, DYSENTERY, DIARRHŒA, SUMMER COMPLAINTS OF CHILDREN, SEA SICKNESS, GRIPING PAIN, DEBILITY, etc., etc.

WHILE Ether all powerful antidote is at hand Cholera Dysentery and Chronic Diarrhœa are no longer to be seriously feared, or looked upon with terror—as this Cordial will most assuredly cure the disease in the course of a very few hours, if taken at the commencement.

It has been before the public for more than a quarter of a century and was the first article made known to the public as an home made and perfect remedy for these complaints. It has been thoroughly tested in every country and every climate, and its effect has every where proved the same—SURE TO CURE, even where the disease has advanced to the last stage. The public may rest assured that it contains neither opium or any other substance or any thing that is in the least injurious to the constitution.

Cholera and Common Cholera Morbus.

This Cordial immediately checks the vomiting relieves the pains stops the Diarrhœa, and restores the bowels to a perfectly regular and healthy state, however severe the attack may be or however low the patient may have become from a variably reduced to a mere skeleton, it immediately strengthens, and shortly restores them to perfect health.

Cholera Infantum.

Has saved the lives of many thousand children when reduced to death's door by this complaint, it gives the same immediate relief and they very soon recover.

Sea Sickness.

It is a most pleasant and desirable remedy for Sea Sickness. It checks the vomiting and readily restores the patient. It invariably checks vomiting from any cause whatever.

Children that are Teething,

of course Diarrhœa, should always be provided with this medicine, as it will keep the bowels regulated, and be free of the Griping. It is wholesome, safe and pleasant to the taste, and children are fond of it and will take it without trouble or dislike.

For General Debility and Dyspepsia.

It acts as a cordial to stimulate, giving a healthy tone to both the stomach and bowels, and prevents food from pressing or disturbing the stomach.

CAUTION.

Beware of those imitations which are daily palmed off upon the public, bearing the same or nearly the same name as this, as MRS. MORRIS DYSENTERY AND MARBLE CORDIAL, which are mere impostures, have appeared. Also, there have appeared certain quackery advertisements. Dr Dixey, they have done this for the purpose of palming off their worthless articles on the reputation of this original and most popular medicine that ever came before the public.

Be sure that you obtain MRS E KIDDER'S Celebrated Dysentery and Diarrhœa Cordial, and you will get the only true and original article, which has ever been held in the highest estimation by the public throughout the whole country.

It is put up in bottles holding nearly a quart, in tinted two family size, and sold at One Dollar a bottle.

Sold by MRS. E KIDDER,
No. 100 SOUTH STREET, BOSTON,

DR. WARREN'S Sarsaparilla, Tomato and Wild Cherry PHYSICAL BITTERS,

At 50 Cents per Bottle!

SARSAPARILLA, TOMATO and WILD CHERRY BITTERS have now become a standard medicine, universally approved by physicians and all who have used them, as the most effectual remedy for *Scrofulous, Mercurial and Cutaneous Diseases; Jaundice, Indigestion, Dyspepsia, Liver Complaint, Costiveness, Weak and Sore Stomach, Ulcers and Running Sores, Swelling of the limbs, Pain in the Bones, Tumors in the Throat, Rheumatic Affections, Salt Rheum, Erysipelas, Boil, Humor, Eruptions on the face or body, Cancerous Sores, King's Evil, Chronic Catarrh, Languor, Debility, Headache, Dizziness, Sallow Complexion, and all those diseases which arise from the abuse of Mercury, or from an impure taint in the blood, no matter how acquired.*

The extract here presented is prepared after directions given by the celebrated Dr. Warren, whose name it bears, and will be found superior to any preparation of the kind now in use. It is highly concentrated, entirely vegetable; and very finely flavored to the taste. The change which it produces in the condition and tendency of the system is *speedy and permanent.*

As a Spring Medicine for purifying the blood—strengthening the stomach and bowels—and checking all consumptive habits—the Sarsaparilla, Tomato and Wild Cherry Bitters are entirely unrivalled.

Patents secured in Europe and other countries.

They also have the advantage of *verbally* explaining their inventions and of consulting in respect to them, *matters, in general, of paramount importance in order to obtain correct specifications and claims.* The experience of sixteen years's practice, an extensive collection of rare works, decisions, &c. on mechanical subjects, the Patent Laws, and patents of different countries, collected at much expense during the long time this office has been established, together with accounts have kept of inventions patented at Washington, enable the subscriber to afford to inventors sources of procuring Patents, assistance and information which in other respects might be difficult of attainment.

The Great Remedy for Gonorrhea

GLEET, Stricture, and all analogous complaints. Dr. Douglass's ARABIAN PASTE. Dr. Douglass is well known, having practiced in the principal cities in the Union, during the last 40 years. His only reason for introducing the Paste in this public manner, is the conscious one that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks.

Dr. D. most seriously affirms, that during his practice of forty years, this Paste has never, in one single instance, failed of effecting a cure in a few days, without any change of diet or hindrance from business. He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years, but after taking the Paste for a few days, the angry symptoms disappeared and the patients were discharged, entirely cured.

If the unfortunate instead of dragging themselves to a quack nostrum, would purchase only one box of the Arabian Paste, we should not see so many emaciated bodies and sallow countenances as we do at the present time.

☞ In case this Paste should fail to effect a cure in the shortest possible time, two times the price paid for it will be given the purchaser on returning the empty boxes.

For sale only by the original inventor and sole proprietor, Dr. PETER G. DOUGLASS, at his Office, No. 55 Union street, Boston, at $5 per box, where he can be confidently consulted on every disease incident to the human frame, and the patient treats upon the most beneficial course of treatment that can possibly be adopted.

WARRANTED

UNDER A PENALTY OF

A THOUSAND DOLLARS,

FREE FROM MERCURY,

THE ORIGINAL AND ONLY GENUINE INDIAN VEGETABLE PILLS.

The same as always, today and forever.

Certificate from Col. Tate, editor of the Columbia Democrat, Pa.

OFFICE OF THE COLUMBIA DEMOCRAT,
Bloomsburg, Columbia Co. Pa.
March 4, 1848

DR WILLIAM WRIGHT—Dear Sir—I am one of the many whose aversion to quack nostrums has deprived them of the benefits resulting from the use of good medicines. Acting under this influence I have seldom resorted to the Pill box. Last March when you commenced advertising in my paper, I was induced to give your Indian Vegetable Pills a trial, and after having fairly tested the merits of myself and family, gave them a decided preference over every other preparation.

In every instance, when all cured with sick headache, or when the stomach or bowels were cumbered with morbid humors, I found speedy relief from the use of your Pills. By taking them according to your directions, which I have always found to be safe, and entirely free from disturbing the rest of the patient, and in fact, without producing even sickness at the stomach.

Respectfully, your friend, &c

LEVI L. TATE

[From the Delaware Express, Dec. 1, 1847.]

DR. WRIGHT'S INDIAN VEGETABLE PILLS.—As this is not particularly friendly to patent medicines, we must confess that we have become a convert to these pills, having like an opportunity on one or two occasions to test their efficacy. For a gentle medicine, one or two will be found sufficiently effective. Where bilious or other impurities have accumulated, and more thorough medicine is required, a dose of three or four of these pills, taken on going to bed, will be found effectual in cleansing the stomach and restoring the bowels to a healthy state. We speak from experience, and take pleasure in commending the pills to the public.

Look out for Counterfeits!

Some are coated with sugar, others are made to resemble in outer appearance the original article. The safest course is to purchase from the agents only, one of whom will be found in every town and county in the State.

DISEASES OF THE Throat and Lungs.

COUGHS and Colds, the fruitful parents of Consumption, Bronchitis, Asthma, Pleurisy, and many other dangerous diseases, are too often neglected until the formation of the Specific Complaint is laid deep in the system. A Practitioner is then called in, who administers a few Palliatives, but declines the disease, and the Patient, to confirmation of his opinion, dies. But why does he die? Simply because he does not resort to the proper remedy, but trusts the more just skill of a Practitioner rather than the infallible curative of Ipecacuanha and the most authentic compounds. On the contrary, the only true one, the only

CONSUMPTION

AND AFFECTION OF THE LIVER,

CURED,

Of Twenty Year's Standing!

CITY OF NEW YORK, June 1st 1847.

This is to Certify that I, Nelson Lardrade, of this City, have been subject to a dry hacking cough and a pain in the side and chest, attended with night sweats, and general weakness of the system for upwards of twenty years, and pronounced INCURABLE CONSUMPTIVE, neither the advice of regular physicians nor the many advertised remedies I have taken have done me any permanent benefit, and I was at my wits ends, despairing of the progress of my disease, when I was persuaded to try Dr. D. W. VONDERSMITH'S INDIAN COUGH BALM AND LUNG BALSAM, by the use of which, along with a proper course of pills, I have been wonderfully restored to the blessings of health, and the disease, with a portion of a tedious and painful getting well, still kept on, and now I am well and hearty. My doctor bills, and my language cannot express the heartfelt thanks that I am now enabled to offer, and now is a constant theme of my prayers and praises. It is also a most agreeable reflection to me, and improves my general health and spirits, to be the means of benefiting others, I therefore testify to the facts in this certificate.

NELSON LARDRADE.

Jersey City.

Sworn to before me, this 21st day of July 1847.

WM. V. BRADY, Mayor of the city of New York.

INFLAMMATION OF THE LUNGS.

NEW YORK, June 19 1847.

DR. VONDERSMITH—I have to inform you that a cough, pain in the chest, difficulty of breathing, &c., had troubled me for several years. About four months ago I took a severe cold which settled on my lungs. I was unable to attend to my business during the day. I had expectorated, I thought I could not possibly survive my cough, I could get no rest. The excessive night sweats had reduced my strength to a skeleton. I expectorated white frothy mucous, and, after trying every thing I could hear of, I was induced to try your Balsam, which I purchased of your agent, Mr. Fowler. I can recommend it to any Dr. VONDERSMITH'S INDIAN COUGH BALM AND LUNG BALSAM. I commenced using it about four weeks, my cough doubtful and considerably, which gave me great hopes. I continued with the medicine, continuing to get better, and the result has been that I am restored to health, thanking that I have not enjoyed for years, until the present time. I sincerely believe that I owe my life to Dr. VONDERSMITH'S INDIAN COUGH BALM AND LUNG BALSAM, and I can recommend it to any Dr. VONDERSMITH'S INDIAN COUGH BALM AND LUNG BALSAM.
